She is part of social networking on <https://www.facebook.com/NaturalMomentsStudio> and <https://twitter.com/LouiseMagno> Photography is her first love. Louise is also a graphic artist with bold renditions of her photography on selected pieces. Wildlife, Flowers, and Landscapes, are her favorite subjects, but architecture also intrigues her. Louise is always looking for a unique perspective & tries to share it with her viewers. Louise's goal is to capture moments in time with her work. In her spare time (LOL!) she paints! She renders her pieces in both Watercolor (flowers/scenes) and Acrylics (abstracts).

Her passions are God, photography, gardening, traveling & her family. She makes her home in the Great North West.

Her sons are grown with families of their own which has provided lots of grandchildren, love and laughter!

Unplug from life & take a journey with her through her moments in time.
